My wife, Margaret Ann, and I have been coming to Pelican Lake for 43 years. We purchased our cabin from her father 15 years ago. We currently reside in Saint Paul, MN. I was born and raised in North Dakota, attending Concordia College in Moorhead, MN and graduated with a degree in chemistry. I retired from Ashland Chemical Company after working for 35 years in various locations. For the last twenty years I was a regulatory specialist working with OSHA and EPA regulations. I welcome the opportunity to serve Pelican Lake cabin owners by preserving our lake and enhancing our use and enjoyment of the lake.
