

## CANDIDATE STATEMENTS

### GREG GUSTAFSON

I was born and raised on the family farm in Langdon, North Dakota and graduated from North Dakota State University in 1969. I served in the US Army for 30 years. For the last five of those years I was responsible for regulatory compliance and disposal of hazardous waste generated by US Military Forces operating or stationed outside of the United States. After the military, the next 20 years I worked for Northrop Grumman supporting military training efforts worldwide. I and my wife Janis have been property owners on Pelican Lake since 2003. By birth, occupation and life I appreciate the importance of maintaining a healthy environment for us, our children and our grandchildren. I would appreciate the opportunity to serve this community as a PGOLID board member.

Greg Gustafson, Knollwood

### PAUL LYKKEN:

I graduated from MSU Moorhead with a BA in Mathematics with a minor in Business. Two years ago I retired from a 36 year career with Federated Insurance Companies holding various management positions in Commercial Underwriting and Process Management. We built our forever home on Broadwater Beach on the same property that my great, great uncle built his lake home in the 1930's.

Paul Lykken, Broadwater

### NICK VALENTINE:

I've been enjoying the beauty and community of Pelican Lake for over 25 years, first as a weekender from the Twin Cities and for the last decade as a full-time resident on Haugen's Point with my wife, Sherry Trepp. To be a part of preserving that environment, I've participated for over 20 years as a member of the board of PLPOA and served as coordinator of the annual 4th of July fireworks for 15 years. I also served on the PGOLID board previously as treasurer for 6 years and am currently secretary for PGOLID. I look forward to continuing to serve on PGOLID to continue its work of preserving and improving the lakes into the future.

Nick Valentine, Haugen's Point
